

VACANCY BULLETIN

September 2017

TIMBER ENGINEERING SUPERVISOR

TALBOT TIMBER – PEMBROKE DOCK

The Role

You will be required to supervise and manage the safe day to day operation of all production processes of the Timber Engineering department. You will also be supporting the Branch Manager in achieving and exceeding production targets at optimum cost, ensuring we maintain our high standards, in Health & Safety and production Quality.

Assisting the Manager by providing a first class service to our existing loyal customers

Knowledge of timber and sawmilling processes and controls is preferred but not essential as training will be given.

The Person

You must be a highly motivated, enthusiastic individual with excellent communication skills, a natural flair for organisation and management of individuals and teams. Must have a commitment to customer service and a clear understanding of managing Health & Safety in the workplace

We are looking for someone who:

- Has qualifications & experience in supervising in a manufacturing environment
- Has excellent product knowledge
- A professional with drive, energy and focus, and strong attention to detail
- Is enthusiastic and passionate about delivering an outstanding level of service
- Is well planned and structured in delivery of business requirements
- Builds rapport, able to interpret and adapt business's ideas

Hours of work:

Monday to Friday 7.30am – 4.30pm and alternate Saturday mornings 8.00 a.m. – 12 noon

In return, we offer:

Competitive salary, Staff Purchase Scheme, Pension, Bonus Scheme, Staff uniform and full training

HOW TO APPLY

If you are looking for a challenging role and wish to join a successful team then please complete an online application form from www.lbsbm.co.uk/careers. Or if you have any questions please contact the HR department on jobs@lbsbm.co.uk
